LEARN HOW TO SAVE A LIFE!

The Town of Stratford is a designated HEARTSafe Community. One of the foundational purposes of HEARTSafe is to train the public in CPR and AED use so that when a cardiac arrest occurs, the average lay person can help.

Stratford EMS, in partnership with the Stratford Volunteer EMS Association (SVEMSA) will be hosting an American Heart Association (AHA) Heartsaver CPR / AED training for the public every month (Second Tuesday of each month going forward).

The training will include both lecture and skills training and will cover cardiopulmonary resuscitation (CPR), the use of automated external defibrillators (AED's) and basic first aid skills.

Anyone interested in attending should visit our website at stratfordems.org or contact Nancy at EMS Headquarters (203) 385-4060 to sign up for one of the sessions below.
