Description: It is important for EMS providers to understand palliative & hospice care as it relates to end of life considerations. This understanding drives a deeper sense of empathy and caring for patients and their families and allows providers to care for their patients in a more wholistic way.

This two (2) hour LCCR CME will cover:

1. General overview of hospice and palliative care
2. End of life considerations
3. Do Not Resuscitate (DNR)
4. Medical Orders for Life-Sustaining Treatment (MOLST)

Registration is required
